The UPMC International Training Center is offering a two-week International Health Care Management Program. This Program is designed for English-speaking existing and emerging business and clinical professionals, and seeks to provide the knowledge necessary for leadership in a changing global health care environment.

OVERVIEW
Seminars within the International Health Care Management Program are led by UPMC health care administration leadership. These offerings emphasize critical themes in clinical service line management, strategic hospital planning, finance and information technology management and planning, and other health care administration topics. In addition, an individualized clinical or management learning opportunity will be available throughout the Program. Full details can be found in the program overview document.

PROGRAM COST
The tuition fee is $7,000 per participant. Please note that organizations sending several participants may be eligible for discounted tuition rates. Travel to and from Pittsburgh (e.g., airfare) and accommodations are the responsibility of the participant or the sponsoring organization. The tuition fee must be paid in advance of attending the Program.

LIVING ARRANGEMENTS
More detailed information on accommodations will be provided by the Program Director. Single- and double-occupancy rooms are available, and rooms are furnished and equipped with kitchens and wifi. Accommodations are in a safe neighborhood and within convenient walking distance to some Program venues.

LOGISTICS
- The cost for accommodations is not included in tuition and will be the responsibility of the participant or sponsoring organization.
- Some participants will need to secure a B1 visa for their trip to Pittsburgh. The International Training Center will help to facilitate this process, but each participant will need to submit for and obtain a visa with the U.S. Embassy.
- UPMC will provide travel for Program-related events, including site visits. Travel to and from Pittsburgh and outside of Program events is not provided by UPMC.

HOW TO APPLY
To apply to the International Health Care Management Program, please contact Juli Kundu, Director of the UPMC International Training Center, at kundual@upmc.edu or visit UPMCInternational.com/ITC. Please submit a statement of interest in the International Health Care Management Program and include information regarding professional areas of interest you would like to explore in the Program. Flexibility is central to the success of the Program, and every effort will be made to accommodate each participant's professional objectives.
